Anti-Asialo GM_1 Rabbit Monoclonal Antibody (GA134)

Antibody Type:	Rabbit Monoclonal Antibody (IgG), recombinant
Reactivity:	React with Asialo GM1
Clone:	GA134
Code No.:	80115
Lot No.:	Please refer to the vial label
Preparation:	The recombinant antibody was produced in CHO cells.
Purification:	Protein A affinity chromatography
Form:	Liquid
Size:	0.5 mg
Concentration:	5-10 mg/mL (Please refer to the vial label for the specific concentration)
Buffer:	Phosphate buffered saline (pH7.4) with no preservative
Endotoxin:	< 2 EU/mg of the protein
Storage:	Store at -20 °C or below. For short time storage, store at 2 to 10 °C, Avoid repeated freezing and thawing.
