## Monoclonal Antibody to Mouse Transferrin

Abbreviation: MCA MTF-01  
Code No.: 7619  
Quantity: 200  $\mu$ L (200  $\mu$ g)  
Clone: 10C3  
Immunogen: mouse transferrin  
Quality: F344/N Rat IgG2b $\kappa$  (Purified by protein G chromatography).  
Solution: 1.0 mg/mL IgG, 0.1% NaN<sub>3</sub>, PBS, pH7.4  
Character: Reactivity to human transferrin < 0.1%  
Storage: The solution should be stored below -20°C.  
Repeated freezing and thawing should be avoided.  
Note: Research use only.
